

Name: Max Pörscke

Age: 23

Studying: Sociology

Who am I?

Hi, I am Max (stepping out of the kitchen) and I'm currently studying Sociology with the hopes of doing a masters in Sociology. I previously did my bachelors in urban planning. As some of you might have figured out I like to cook but surprise surprise I also have other hobbies which include playing Tabletop RPGs, reading, playing computer games, writing and making maps.

What have I done at the nation?

The first thing I ever worked at SSK was a club but what really got me interested in this nation was the kitchen. I worked the traditional Goose dinner in return for some goose carcass which I think the sexmasters were more than happy to get rid off. Since then I have been a Chef at the nation. I came to like the kitchen so much I worked most events where I could be in the kitchen, Pub, Osignat, Cafe Matiné, Lunch and even the mythical Bartini. Outside the kitchen I have been most engaged in the nation in regards to our changing statutes.

Why am I applying to the Quratel?

When I joined SSK I was quickly overwhelmed by the warmth, inclusion and most of all the drive of the people who work and live for this nation. A large part of that has in my opinion been the work of an awesome PQS (and Quratel in general!). This role has been carried through a lot recently, economic trouble and not least a pandemic, and my wish is to carry on their work in making this nation a welcoming and inclusive place for all.

What would I do as a member of the Quratel?

My goal is to make sure the foremen at this nation feel seen. That means making sure you have the right tools and knowledge to do your work and that you feel that your work is meaningful (because it is!). The nation has gone through a lot of changes and right now it is going quite well. My hope is to build on what's working, to allow us to build up routines and to make sure those routines are kept for future foremen. In regards to tools there are

despite the many upgrades this nation has seen, still some things that could be freshened up. The small bar could use renovation and the kitchen some new appliances. All in all my goal is to be there for the foremen, less as a boss and hopefully more to support and motivate to allow you to do your best.

Why should the nation meeting elect me?

You should elect me if you think I'd do a good job. I know I'm quite new to the nation and that is why I need your support but also your trust.

For my qualities I'd say I'm quite good at handling stress, I pride myself in being structured and focused. I hope that I am approachable and which I think is perhaps one of the most important qualities of a PQS and that you feel comfortable critiquing me (especially in the kitchen). I also hope I can be trusted to represent this nation outwards.

Finally I think I could make a good PQS because I would give it my best, whether that's enough I leave to Democracy!
