Stefy Rajha

Candidate for Notarie

Name

Stefy Rajha

Age

24

Studies

Bachelor's Programme in Social Work at Lund University

Who are you?

I'm a social, engaged and creative person who enjoys planning, working with people and being someone others feel comfortable coming to.

What have you done at the nation?

I joined as a novice in VT24 and have since been a fadder, lunch foreman, International Secretary, Novice Foreman and Novice General. I've also worked every type of event at the nation at least once.

Why are you applying for Quratel?

I want to keep developing within Sydskånska and take on more responsibility for the nation. Notarie is the Quratel position that interests me the most, especially because it combines people, planning, responsibility and the novice period.

What do you want to do as a member of Quratel?

I want to help the Novicery, NATU, sports foreman and Vieri actually enjoy their roles and feel like they have both the freedom to do their own thing and someone to fall back on when they need help. I'd also love to keep developing the novice period and make it easier for new people to find their place at Sydskånska and want to stay involved afterwards.

Why should the nation meeting elect you?

I have experience from several different parts of the nation, I enjoy taking responsibility, and I'm very motivated to learn the role properly and put in the work it requires.
